35 cents

Grade 13 biology students at HHSS were busy Monday afternoon planting a number of white pine seedlings in honour of Ontario's Bicentennial. The trees, supplied by the Ministry of Natural Resources,

were planted behind the tennis courts, and if all goes well, they should be an impressive sight a few decades hence.

New parking by-law set Meter rates go up, higher fines established

Dysart et al council will pass a new parking by-law next Monday, putting into effect new rates for meters and higher fines for parking offenses.

Municipal law enforcement officer Bob English said the 105 meters in Haliburton village will be changed this week to accept dimes and quarters only. One dime will buy 30 minutes of meter time, but the machines also will accept a 25 cent coin for the convenience of users. New rate cards will be installed when the meter mechanisms are changed.

The new by-law spells out designated parking areas within the village, and these remain the same as in the past, with angle parking on the north side of Highland Street between Maple and Oak Streets, and parking parallel to the curb on both sides of the main street between Cedar Avenue and Maple Avenue, and on both sides of Maple between Mountain and York Streets.

Parking will continue to be prohibited on the south side of Highland Street between Maple Avenue and Oak Street. Commercial vehicles over 5000 pounds are prohibited from using the angle parking area on the north side of Highland Street. As well, parking is prohibited within 40 feet of intersections within the area covered by the by-law, and U-turns also are banned.

Anyone charged with an offense against the provisions of the by-law will have 48 hours to pay the fine, which will increase to \$5. Fines can be paid at the municipal office during business hours, by mail within the specified period, or by dropping payment in the red fine

box at the municipal building.

If the fine is not paid within 48 hours, or if an offender must be summoned to court, the fine increases to \$10 for a first offense, and not more than \$50 for each subsequent offense, at the discretion of the court.

The by-law makes it clear that the owner of an offending vehicle is responsible for fines assessed against it, unless it can be proved that the vehicle was in the possession of another person "without the owner's consent, express or implied".

To make parking tickets more visible to vehicle owners, the tickets will be placed in yellow envelopes from now on, the Dysart municipal

law enforcement officer said. Tickets formerly were placed in red envelopes, but these were less easily noticed when tucked under windshield wipers, as they normally are when the offending vehicle is unattended.

The municipality will pass a new by-law rather than amend the old by-law because the metered parking area is covered under a connecting link agreement with the provincial transportation ministry, and MTC regulations require a new by-law when any provisions are changed.

Council expects to have verbal MTC approval for the new by-law by Monday, so that it can be passed in regular session.

Hunters want changes to make lottery fairer

A Muskoka based hunting lobby group with a number of members from Haliburton County has proposed a hunter identification tag system that would simplify game license paperwork and help make deer and moose lotteries fairer.

Members of the Muskoka-Parry Sound Hunt Camps Association adopted the proposal on Sunday at a meeting in Huntsville attended by close to a hundred people, including provincial industry, trade and commerce minister Frank Miller and MNR Algonquin Region director Ron Christie.

Under the scheme advocated by the hunt camp association, every hunter would be issued with a

number and some form of identification card. The card, or passport type booklet, would have space for various license stamps, enabling a hunter to carry all of his or her licenses in one document.

Association members believe the system would simplify paperwork, but a second major benefit could be fairer distribution of deer and moose licenses through the provincial lottery plan.

MNR spokesman Ron Christie admitted that there are loopholes in the present lottery system "big enough to drive a truck through". While he declined to give details of how the system can be tipped in

Minor hockey needs people for jobs

Supporters of Haliburton Minor Hockey are searching for local people willing to take on executive positions in the organization, after most of the 1983-84 executive decided to step down.

Bob MacNaull, who has held the

top job with minor hockey for the past two years, did not want to stand for re-election at the recent annual meeting. Vice president Gary Brohman also indicated that he wanted to hand the position over to someone else so that he could

concentrate on coaching at the house league level. Others who also stepped down were secretary Gerald Bain, treasurer Don Popple, and OMHA contact person Lennie Salvatori.

Please turn to Page 3

VON an important service

Nurses help care for people in their own homes

They may not be the most visible nurses in the community (most people think of hospitals and doctors' offices when they think of nursing jobs), but the five women who work for the Victorian Order of Nurses in Haliburton County are an important part of the health care system. Seven days a week, Haliburton's VON nurses are available to make house calls to patients who range from infants and new mothers to the terminally ill. Last year, the local VON service made 4,623 home visits in Haliburton County, and in the course of her duties, a full time VON nurse may drive as many as 20,000 miles on Haliburton County roads in a single year.

Ann MacNaull, who heads the local VON service from her office at the District Health Unit in Haliburton, says the organization's philosophy is that "the home is a good place to provide care, not because it's cheaper, although that's an important consideration, but because it allows people to be cared for in familiar surroundings which are

conducive to recovery and rehabilitation".

Many of those served by the VON are elderly people who require care several times a week, or even daily. Regular visits by VON nurses, along with the support of family members, allows many older people who would otherwise have to be institutionalized, to stay at home.

Demand for services is growing dramatically

VON nurses also visit patients of any age requiring ongoing medical care, such as those suffering from cancer, diabetes and other diseases. Surgical patients recovering at home may also require VON assistance, as do some new mothers, disabled people, and the terminally ill. As well, VON nurses carry out para medical examinations for insurance companies.

Cost of a VON nurse's visit is met by a variety of health care plans, including the provincial insurance scheme, the home care

program, and other private and public schemes. All patients must be referred to the VON by doctors, but no one is refused service because they cannot pay, MacNaull says. Since the VON is a registered charitable organization, it gets assistance from the United Way to meet any shortfall between costs and revenue.

Haliburton County belongs to

the Peterborough branch of the VON, one of more than 70 such branches in nine provinces. The branch is administered jointly by a district director and a voluntary board of directors made up of community minded citizens and business people. (A seat on the board for a Haliburton area director is vacant at the moment, MacNaull says.)

The VON was founded in 1897 by the National Council of Women. The Peterborough branch began operating in 1940, and the

Please turn to Page 3

VON nurses serving Haliburton County are, from left, Shirley Mumford, Ann MacNaull, Elaine Jackson and Marilyn Mighton. (Absent from the picture is the fifth nurse, Nancy Pettit.) The VON

provide in-home nursing care to a variety of patients. Last year more than 4500 visits were made in the county.

Police news

General Occurrences

During the period April 30 to May 6, personnel at Minden Detachment investigated the following occurrences: five motor vehicle accidents resulting in one minor injury; and 51 general occurrences, including eight break and enters and five thefts.

Clinic Break-Ins

For the fourth time since April 6, illegal entry has been gained into the Good Medical Centre in Haliburton Village. Overnight on May 1, a basement window as broken and someone entered the building. As in all the break-ins, very little, possibly nothing, was stolen. A small quantity of pills may have been taken in the most recent. The break-ins are currently under investigation.

Bicroft council

At the April meeting of Bicroft Township council, the following matters were considered:

Glen Covert and Robert Covert were hired as part time labourers at \$6.13 per hour.

The following people were hired for pool staff for the 1984 season: Instructor - Jeff MacCullough at a rate of \$4.68/hr.; Shift Guard - Steven Card at a rate of \$4.41/hr.; Lifeguard - Lisa MacLeod at a rate of \$4.12/hr.; Jr. Lifeguard - Christine Mercier at a rate of \$3.89/hr. The foregoing rates are 5% above 1983 rates.

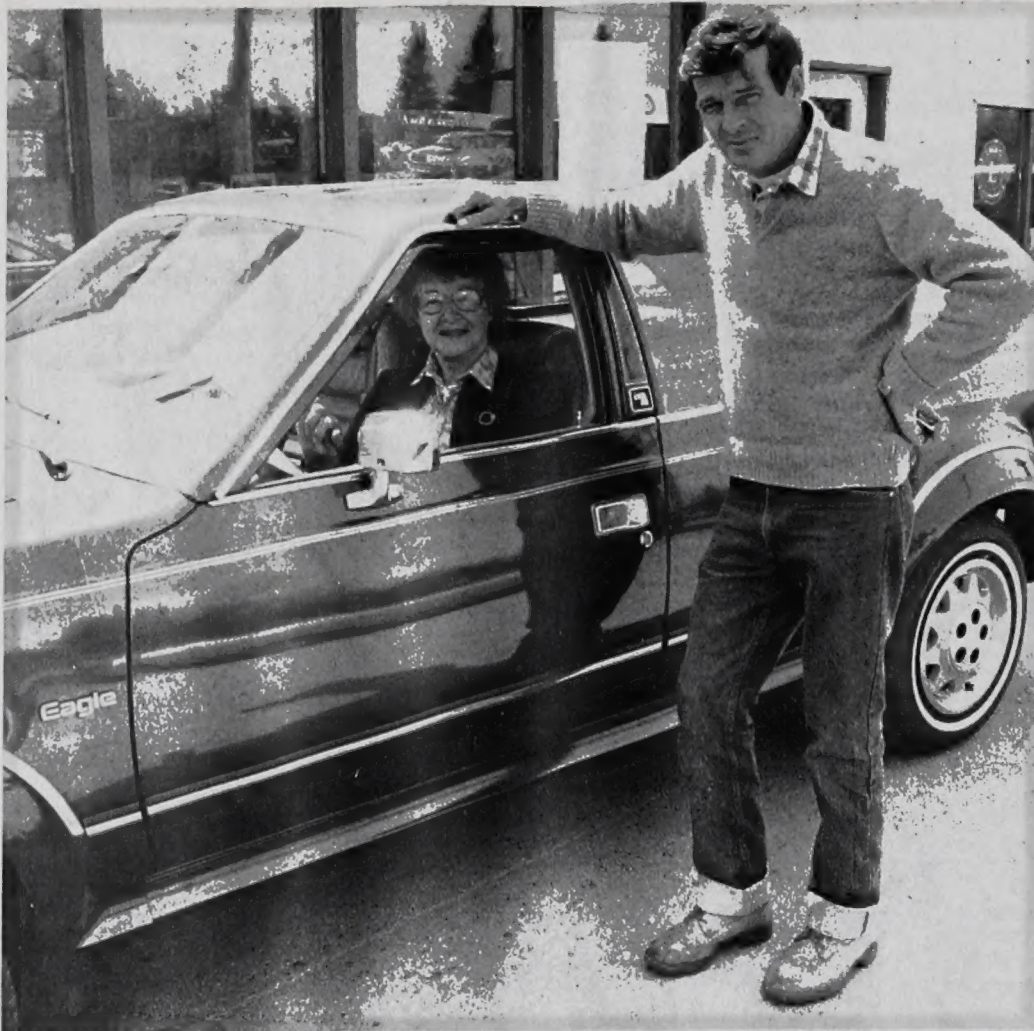

A recorded vote was requested. Yea: Easton, Todd,

Howe, Nay; Dickinson, Fraser.

The following staff were hired for the 1984 season: Supervisor - Shelley Nixon at a rate of \$3.85/hr.; Assistant - Debbie Cox at a rate of \$3.02/hr.; Assistant - Karen O'Brien at a rate of \$3.02/hr. The foregoing rates are 5% above the 1983 rates. A recorded vote was requested. Yea: Easton, Todd, Howe, Nay; Dickinson, Fraser.

The 1984 proposed expenditure for roads and streets was adopted in the amount of \$37,000.

A notice of motion that the monthly council meetings be held Thursday evenings at 8:00 p.m. was introduced.

Clarence and Dorothy Howe of Haliburton Lake won a 1984 AMC Eagle in a recent Wintario bonus draw, and last week they picked it up from area AMC dealer

Gord Bennett. The couple say they plan to keep the car.

MNR help manage forests in district

From the MNR

Ontario's Crown land forest resources belong to the people of this province. On a provincial scale, almost 90% of all forest lands are under public ownership; in southern Ontario, however, there is a predominance of private lands. Regardless of ownership patterns or percentages, effectively managed forest lands represent a source of continuing benefits to the citizens of Ontario.

In the Minden District, the total area of productive forest land is 287,000 hectares (709,192 acres), of which 90,638 hectares is Crown land, 193,244 hectares is privately owned, and 3,118 hectares is "agreement forest" land, owned by the County of Victoria and managed by the Ministry of Natural Resources under the provisions of a Forestry Act agreement.

On Crown lands the Ministry of Natural Resources is directly responsible for measures taken to effect sound forest management practices; these include the preparation of 20 year forest management plans, which address matters such as allowable cut determination, silviculture (i.e. harvesting, regeneration and tending techniques), access development, environmental protection...and other uses of the forest.

The Ministry has no direct control over private land forestry practices, although the council of any county or any municipality separate from the county may, subject to approval of the Minister of Natural Resources, pass by-laws under the Trees Act, restricting and regulating the destruction of trees by cutting, burning or other means.

The major role filled by MNR with regard to private lands is the provision of forestry extension services. These range all the way from free advisory services such as tree marking and timber sale advertising, to tree

planting or forest tending treatments on lands placed under Woodlands Improvement Act agreements. A total of 16,795 hectares (41,500 acres) of private lands are covered by these "W.I.A." agreements in the Minden District - more than in any other district in the province.

The Ministry's objective for forestry in southern Ontario is to provide for an optimum contribution to the economy by forest-based industries consistent with sound environmental practices, and to provide for other uses of the forest. The forest targets for the Minden District (all land tenures, exclusive of the Leslie M. Frost Natural Resources Centre area) are:

(1.) to produce an annual continuous supply of 305,000 cubic metres (10.75 million cubic feet) of wood for industrial purposes by the year 2020, while maintaining the present diversity of forest products, and

(2.) to make the maximum contribution from forest production to the achievement of the provincial energy target.

These targets can only be realized through the effective application of sound forest management practices. Public understanding and support of forestry objectives is also a factor in determining what results will be achieved. Although it is not difficult for most people to appreciate the need for regeneration (e.g. tree planting) and tending (e.g. thinning, pruning) operations, the concept of "allowable cut" is not widely understood. We'd like to attempt to explain the concept in the following way:

Every spring on each tree, new growth develops -- in the form of new foliage, bark, roots and twigs (branch extension) -- and a complete new layer of wood fibre which encases the previous year's growth. The new "annual ring" where it occurs on the "usable" part of the tree

Please turn to Page 7

Stanhope Township council minutes

At the April meeting of Stanhope Township council, the following matters were considered:

Harry Davis declared a conflict of interest on item #4 on general accounts payable with respect to an invoice for lunches related to the Kanawa Museum.

Ann Barker declared a conflict of interest on item #15 on general accounts payable which represented an account for expenditure on a fruit basket for James Moore and also on the experience 83 payroll account which represented a wage account to her son and also an account on the road voucher #3 which related to an account of her

spouse for garage furnace service.

Elgin Stouffer declared a conflict of interest on item #19 on general accounts payable which related to material purchased for the Canada Works Program.

Dale MacDonald declared a conflict of interest on item #25 on general accounts payable which represented gas for the fire department and also on road voucher #3 for an account which related to expense on radio installation.

Minutes of the last regular meeting held March 7, 1984 and also the minutes of a special meeting held March 28, 1984 were adopted as circulated.

Council had no objection to shoreline improvements proposed by Harvey McGurie fronting his property on part lot 16 concession 13 as per the sketch submitted.

Council authorized Jim Moore to attend the Association of Property Standards Seminar at Peterborough April 12, 1984 and pay expenses.

Council acknowledged receipt of minutes of meetings by the Board of Management dated April 4, 1984 and also the Recreation, Parks and Community Centres Committee dated March 20, 1984.

The clerk will advertise tenders for the supply and application of approximately

31,000 gallons on non-asphaltic gravel dust layer on designated municipal roads. Tenders close May 8, 1984, at 5 p.m.

The clerk will advise the Minister of Transportation and Communications of the serious negative impact the new road subsidy formula calculation had on this township in 1983 and 1984. Council said it cannot condone this calculation which suggests that dollar needs are reduced each year, when both public demand and personal experience suggests needs are increased if only to offset inflation between years.

Council authorized Mosey and Mosey Insurance Limited to include the Township of Stanhope in a proposed county-wide study on an Employee Benefits Program. It is understood there shall be no cost or obligation to Stanhope for this study. The clerk was directed to forward required information to Mosey and Mosey Insurance Limited for this study.

Council acknowledged receipt of Library Committee meeting minutes dated March 8, 1984. Council advised the committee that a complete review of the committee membership will be carried out in December, 1984.

Council authorized the transfer of \$1,400 from the Stanhope Feasibility Committee Reserve Fund to the General Account of the Township. These funds are to be expended in accordance with a recommendation of the committee in minutes of a meeting held April 10, 1984.

The Township of Stanhope will contact The Times in Please turn to Page 7

HAVE SOMETHING FOR EVERYONE

This Week

Registering hunters proposed

from page 1

some hunters' favour, he said it is possible for individuals to get their name in the lottery pool in a number of ways, improving their chances of getting one of the limited number of permits to take antlerless deer and bull or cow moose. If a hunter identification number scheme is adopted, hunters would enter the lottery by number only, ensuring equal opportunity for all. A second benefit, according to Christie, is that members of anti hunting lobbies would have a more difficult time obtaining validation tags that would not be used.

Association president Jack Newton said the hunter identification system has been used effectively in Newfoundland, Quebec, Saskatchewan and British Columbia for some time.

Christie indicated that the MNR favours the identification number idea, but that it is "a political question" and "will have to be assured at that level".

Other discussion at the meeting centred on the lottery for bull and cow moose validation tags. Some members expressed anger that licences must be purchased in May, with no guarantee that a hunter will get a validation tag in the lottery. It was felt by some that the government was taking the money before it was needed, but Christie saw a positive side to the regulation. He noted that it might discourage people who oppose hunting from entering their names in the deer

and moose lotteries, since they would have to pay more than \$20 in May for the chance to get one validation tag for the November hunt.

There was good news as well at the meeting for people who hope to take part in the local moose hunt this fall. Christie said the MNR has decided to hold two lotteries for validation tags this fall, since it is

the first time in several years that there will be an open season on moose in the area. A separate draw will be held for the Algonquin region, with all hunters who did not have a cow or bull validation tag last year eligible for first round consideration.

Next year the MNR will return to a single, province wide lottery.

Minor hockey needs help

from page 1

Salvatori has been given the job of seeking out people to fill the vacated positions.

"We're really looking," Salvatori said, adding that while many people are willing to volunteer their time as coaches, fewer want to make the commitment to hold executive jobs.

Traditionally the vice president moves up to the presidency, but in recent years vice presidents have been given the job of administering the house league program. Since more youngsters are involved in house league hockey than in OMHA competition, vice presidents carry a large workload, and after a term in office, often want a respite from the responsibilities.

While no one has come forward as yet to take on the key jobs, Salvatori said a number of people have been contacted, and there is hope that the positions can be filled with new people. But he also indicated that it is unlikely the

organization will fail even if all the vacated positions are not taken over by others.

"We're hopeful we'll find some people," Salvatori said, adding that "anybody who wants to come forward" will be welcomed.

The organization will meet again next Monday, May 14 in an effort to appoint a new executive.

Cottage burns

A cottage at the north end of Soyers Lake burned to the ground Sunday afternoon, despite the efforts of Anson, Hindon and Minden volunteer firemen.

The blaze was well established by the time it was noticed by another cottager shortly after 3 p.m. and firemen were alerted. The structure and contents were destroyed, but a tool shed and sleeping cabin on the same property were not damaged.

Nancy Brink, left, of Nancy's Flowers in Haliburton hands a cheque for \$926.50 to Cancer Society volunteer Betty Salvatori. The total is the proceeds from the annual Daffodil Day, which was held

recently in Haliburton village. The money is raised through donations from the public and local businesses.

Hospital board disbanding

The final meeting of the Ontario Red Cross Hospitals Board took place April 27 at the World Trade Centre in Toronto under the chairmanship of Dr. James D. Galloway of Burlington.

At a luncheon following the meeting, awards were presented to board members and long-serving staff who had been associated with Red Cross Hospitals over the years. Present from the Canadian Red Cross, Ontario Division, were Sybil Geller, president; J. Paul Richards of Johns Scientific, past president; Brigadier-General (Ret.) James T. West, commissioner; and Lesley Spencer, director of information and resources; along with Lorraine Gollib, Q.C. of Kingsmill Jennings; and Gordon Cunningham, executive director, Ontario Hospital Association. Also present were representatives from Red Cross Branches in communities where the last remaining hospitals were located: Brian Adamson, Minden; J. Terry Bell, Lion's Head; Reginald Jones, Bancroft; Kenneth Morley, Haliburton; Peggy Suddaby, St. Joseph Island; and Irene Wittstock and Ina Trolove, Burk's Falls.

Citations were presented to: Earl Hardacre, Helen Matheson, Joyce Voteary and Jane Taylor of Toronto;

Ronald Johnson of Lyndhurst; and to nurse administrators Jean Anderson of Minden, Marlene Bennett of Haliburton, Ruth Clavet of Thessalon, Norma Elliott of Emo, Gail Sergeant of Burk's Falls,

Dieann Stephenson of Lion's Head, Dorothy Summers of Bancroft and Eloise McDermid of Mindemoya.

Board members were also recognized with citations. They included:

Cooperation

Dysart et al council is expected to pass a new parking by-law on Monday that will permit meter charges to be increased and stiffer fines to be imposed. That may not be good news to chronic parking offenders and local merchants who are fond of taking up space in front of their stores all day long, but the new by-law will be welcomed by most local residents.

Haliburton has had parking problems for years, particularly during the annual summer invasion. Council is taking steps to alleviate the problems, and the higher meter rates and stiffer fines in the new by-law are just two of them. In the recent past council has created more parking spaces along the Head Lake waterfront, and across from the Rails' End Gallery. Within the next few months, several spaces will be added on CNR property on York Street.

All these moves will make it easier for residents and visitors to patronize main street business outlets. But council's efforts are only part of the solution. It is also up to the community as a whole to ensure that the privilege of parking close to the downtown area is not abused. That means respecting regulations, occupying spaces for the shortest possible time, parking a little farther away from the overcrowded main street sites, and using leg muscles instead of gasoline whenever possible.

New people

Haliburton's minor hockey organization is facing a modest crisis that could become a major one unless some people step forward to take jobs on the organization's executive. A number of people who held top jobs in minor hockey last year, and in previous years, have decided it is time to step down. They have given up a great many hours, often thanklessly, and now they want a rest from the burden of leadership. And who can blame them, especially since some hockey parents make the jobs even more frustrating than they need to be.

At the moment, a search is underway for people who would be willing to take over some of the vacant positions. And there is still hope that good people will be found. But if no one will volunteer their time to make the organization work, the responsibility for its continuation may fall back on the shoulders of those few people who have already done more than their fair share for the good of minor hockey in Haliburton. Although undesirable, that situation might continue in the short term. But in the long term, minor hockey in Haliburton, at least as it presently operates, cannot continue unless more volunteers come forward.

Think about that if you have a youngster who plays or will be playing hockey next year and in the years to come.

They did it

If there was ever any doubt that the Haliburton area is capable of holding a major convention, it was dispelled over the weekend, as more than 600 Lions Club members and their families from south central Ontario journeyed here for two days of business and pleasure. Reports indicate that the event went smoothly, and that those who attended were pleased with local facilities and the reception they got from local businesses and individual citizens.

The Lions brought more than their money to the area. They also brought with them an impressive parade that drew a great many people to Haliburton on Saturday morning.

All in all, the convention appears to have been a good thing for local businesses, and a good thing for the community as a whole. So congratulations to everyone who had a hand in ensuring its success.

Smiling faces in the Lions parade

Photo by Len Pizzey

Letters to the Editor

To The Editor:

This letter is in response to your request in the Haliburton County Echo, dated May 2, 1984, with regard to future site for the Kanawa International Canoe Museum.

As an individual and also an elected representative of Sherborne et al, I hope the following points will prove that the Leslie M. Frost Natural Resource Centre is the logical location for the Kanawa Canoe Museum.

1. It is not only on one of the main arteries of Haliburton County (Highway #35), but also borders on Muskoka and Algonquin Park. Hence, it is beneficial to tourists, students, resorts and travellers in Muskoka and Algonquin Park as well as Haliburton County.

2. It would be the most economical location as the Frost Centre is operational twelve months of the year. Possibly there could be overlapping in some services such as Administrative support from the Frost Centre to reduce costs. Also, if a full time curator was not required at the Canoe Museum his services could be utilized in another area at the Frost Centre.

3. The Frost Centre is situated less than five miles from the present Kanawa site so even the relocation costs would be minimal.

4. The canoes lend themselves beautifully to the present function of the Frost Centre. As you are undoubtedly aware, they now have a Saw Mill, Wildlife Section, Geology Dept., Sugar Bush, Outdoor Education, Junior Rangers Camp, Cross Country Ski and Walking Trails.

5. During the Summer season there is an Information Centre and regular tours for the general public - the Canoe Museum could be included.

6. The Frost Centre is located on St. Nora's Lake and ideal for canoe demonstrations. It is presently the departure and arrival point for dozens of canoe trips during the spring, summer and fall.

Realizing the above points must be approved by Dr. Whipper, and the various levels of Government, I suggest it would be beneficial to hold a meeting at the Frost Centre to determine the advantages their facilities have over other locations.

Yours very truly,
Joyce McKey, Councillor,
Sherborne, McClintock, Livingstone,
Lawrence and Nightingale,
Dorset, Ontario. P0A 1E0

To The Editor:

This letter is for those people who complain when their power goes off and it is a while being restored.

My husband was one of the men 'on call' for the week of April 26 to May 2. Out of that week I saw him not more than ten hours total. The men do their best to have all the power restored as quickly as possible, but they need their sleep, too.

Here is a poem I clipped from a newspaper a few years ago:

Your Hydro

Come close, I'll tell a story,
Of people you may see.
On the ground or at pole top
Or high up in a tree.

These are people of your hydro crew.
The office staff are helpful, too.
And linemen, whose hearts are stout,
People whose praises you should shout.

So if on a dark and stormy night,
And your lights have gone out too,
Just sit back and be patient.
They will do their best for you.

It does no good to rant and rave,
Or bug them all the time.
Remember their home is dark,
Just the same as thine.

So just be thankful you're inside
Where you are safe and warm,
Not outside with the men
In that awful storm.

And when the power is restored
I say, give the boys a cheer.
Remember they are cold and wet,
And thanks is nice to hear.

You would certainly miss them if they only worked 7:30 a.m. - 4:30 p.m.

Michelle Barkwell
Hydro wife (and proud of it)

To The Editor:

I am writing in regard to a recent newspaper article concerning a municipal restriction of tree-cutting on private property.

Feir Play

Creighton Feir

It won't be long now before the 24th of May weekend will be upon us. This is always the time of the year that we think of as being the beginning of a very busy summer season that takes us up through June, July and August. It would appear after talking to some of the local businessmen that most of them are preparing for the upcoming summer with an optimistic view. A few people are hesitant to make any predictions and they have this 'let's wait and see' attitude. It would certainly make a big difference if the gas prices in the area are kept at a reasonable price as has been the case for the past several weeks.

I guess in the long run what it all boils down to is the fact that things would be better if we were all positive thinkers. A friend of mine told me recently that life is just what we want to make out of it and if we are continually going to talk gloom and doom then chances are this is just what we are going to get. I have an optimistic view based on the number of people who were here over Easter weekend that the Highlands of Haliburton could be in for a banner summer. Let's face it; a great deal always depends on the weather. It will really be encouraging to all of us if we get a majority of the days with warm weather and clear skies. There appears to be a lot of money floating around and this isn't going to hurt the cause either.

The Kinsmen Club of Haliburton has announced that the ever popular musical group "Six Pack" are returning to the Royal Canadian Legion on Friday, May 18 with a dance from 8 p.m. to 1 a.m. All proceeds go for Cystic Fibrosis and community projects.

The Lions' Club District A-16 Convention which was held in Haliburton over the past weekend was a real success. From what we can gather we understand that the 600 members of Lions Clubs from across central Ontario enjoyed their stay here and were particularly pleased with the hospitality they received. They also were more than pleased with the facilities we had to offer. Yes, there is no doubt about it, Haliburton is a great place for a convention.

Everyone loves a parade and those who turned out on Saturday morning to watch this event were well rewarded. Floats on hand from the various clubs representing the district, plus six marching bands, along with marching units and majorettes, gave us one of the best parades ever witnessed in the village of Haliburton. The village was certainly alive with visiting Lions and their wives on Saturday and the local business establishments and eating places did a thriving business. We hope that these same people will come back and visit us at some later date.

From all indications there seems to be a good number of deer moving around, not only in Haliburton County but in other centres. Last week a friend of mine was telling me that he was driving along on one of the county roads when a deer ran right out in front of his car. Isobel Keefer of Haliburton, who was in Peterborough one night last week to visit her husband Ross, who is in the hospital there, reports that her car ran into a deer that was attempting to cross the highway between Lindsay and Peterborough.

Next Monday evening, May 14 at the Senior Elementary School in Haliburton will be the location for the first meeting of the season for Haliburton Minor Softball. Everyone interested in minor softball is asked to attend. Some of the people who make minor softball go here tell me that over 300 youngsters are at present participating but to keep going parents are urgently needed to come out and give these kids a hand. If a good number don't come forward to help in the coaching duties and other jobs that need to be done there will be no softball for the kids here this summer. If you are interested in helping out please phone Nancy Brink at 457-2222. It means so much to the children if their parents are on hand to see them play.

The Salvation Army held their Red Shield Blitz Night in Haliburton on Monday, May 7 to help kick off the Red Shield Appeal for 1984. The local members of the Salvation Army backed up by other citizens of the community were out in full force to help raise money for this most worthy cause. The Haliburton County objective has been set at \$5,500 and it is to be hoped that this money can be raised in the month of May. If you haven't already been called on please send in your donation to the Salvation Army at Haliburton. Please help the Salvation Army face the needs of today and the next day, and the next. Give to the Red Shield Appeal.

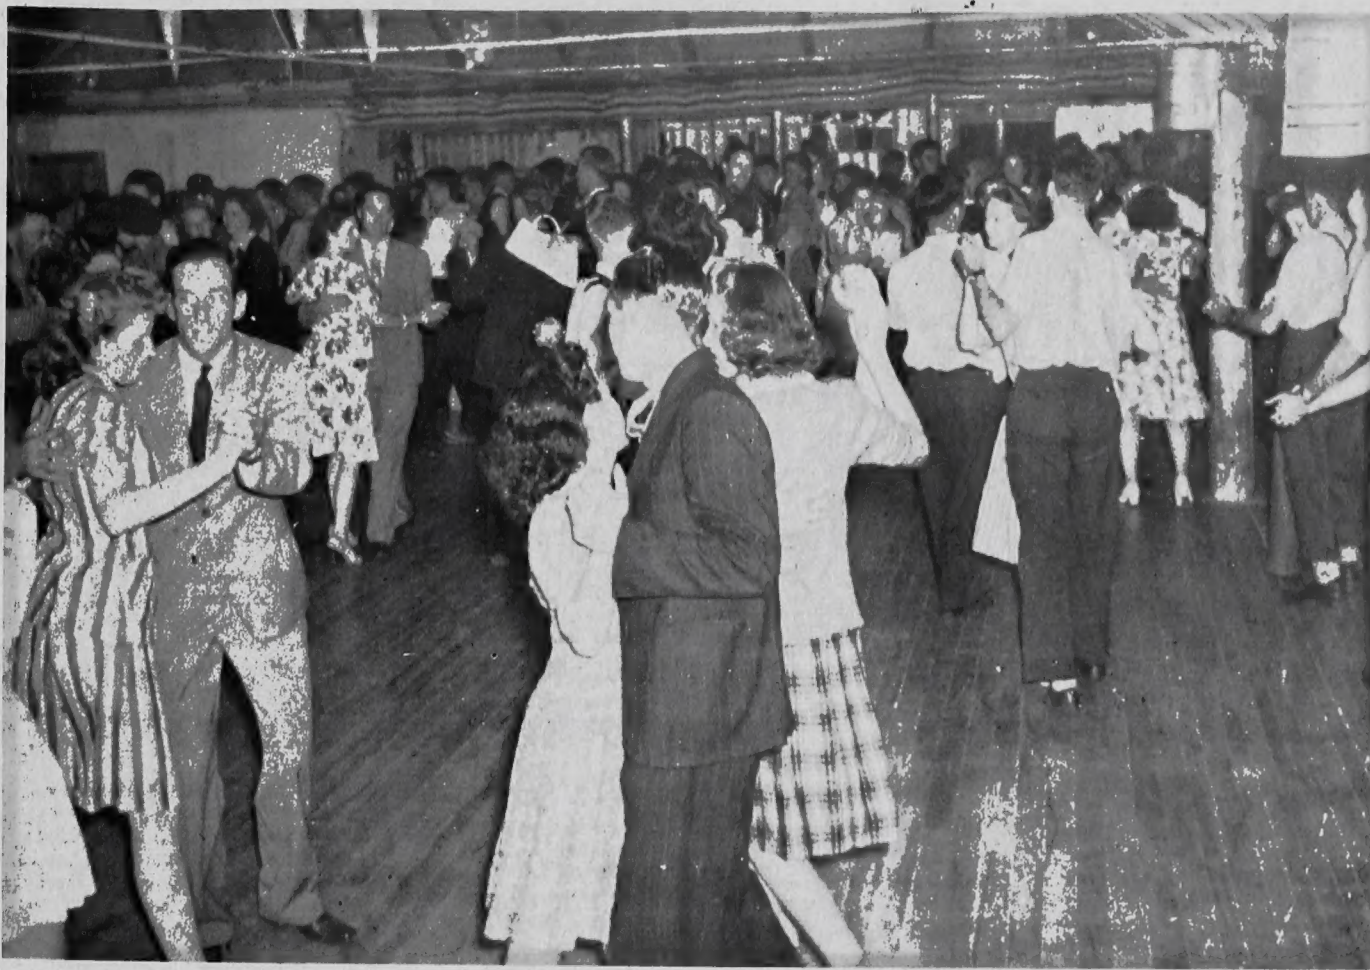

Constable Tim Bain of the Royal Canadian Mounted Police, who is stationed at Portage LaPrairie, Manitoba, is at present spending two weeks holidays with his parents, Mr. and Mrs. Royce Bain, at Haliburton.

We are glad to report that Gary McKnight returned home last week after being in Sunnybrook Hospital in Toronto following a heart attack.

Last week in mentioning those who were returning home after a winter vacation in the sunny south we forgot to mention the names of Mr. and Mrs. Rea Stinson.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER PAGE 5

Pic of the Past

This photo showing the inside of the Golden Slipper in 1943 and taken from the Echo files shows a large crowd dancing on the spacious dance floor of this popular dance pavilion. Some of our readers may know several of the people in

the picture but three dancers on the left of the photo are Ken Pritchard and Ron and Maxine Curry. The Slipper, which was demolished in the early seventies, holds many memories for a great many people.

Queen's Park Report

Secondary school students from 125 schools will take over the provincial Legislature, May 2 for a day-long student parliament.

It is the first time in Ontario's history that the Legislative Chambers at Queen's Park will be used by an outside group.

The 125 student members will represent the ridings of their elected counterparts and be divided on the same party basis as the House now in session at Queen's Park.

A Bicentennial project, the student parliament is co-sponsored by the Ontario Secondary School Students' Association and the Ministry of Education and will be held as part of Education Week celebrations.

The student parliament will spend a full sitting day, starting in the morning with question period. Topics to be discussed during the sitting include land expropriation, forest restoration, financial aid to ailing companies, public employees' right to strike, medicare and unemployment. The parliament will also deal with bills and three private members resolutions.

Prior to the sitting on Wednesday the students will meet party house leaders and members who will familiarize them with legislative procedures and then meet in caucus.

I am personally pleased that our riding and my seat will be occupied by Andy McLaughlin of Janetville, who is a student at I.E. Weldon Secondary School in Lindsay. Andy is an impressive young man and perhaps this experience will be the start of a future career in public service. I wish you well, Andy.

Government Advertising

In proportion to the number of people in the province, Ontario's government spends more money on advertising than the federal government or any other province in Canada, according to the figures of a private research company. Estimates are that the government increased spending on advertisements by 17 per cent last year.

Last year, the majority of the province's civil servants were limited to five per cent wage increases, and the social services were drastically reduced, while spending on advertising escalated.

Liberal Finance Critic Pat Reid (Rainy River) called the 17 per cent increase "hypocritical in the extreme". Pointing out that advertising spending traditionally escalates prior to an election, he expressed the view that the increase would suggest that the Machine is being readied for action.

Based upon the research company's figures, this province spent \$3.06 on advertising for each man, woman and child in Ontario last year. Alberta had the second largest per capita rate at \$2.41 with the federal government running third at \$2.12.

It has been estimated that the province's total advertising costs will be close to \$50 million a year when all expenditures are included, and that Bicentennial celebrations this year will probably add another \$4 million.

In overall advertising spending, among the provinces, none came close to Ontario's total. Quebec, the next highest, spent \$11.8 million. Among private firms, Ontario outspent business

giants like General Motors of Canada (\$26.7 million) and Nabisco Brands (\$25.8 million).

Both Opposition parties have called upon the government to answer questions about its advertising spending, but they have consistently been denied detailed information on expenditures. That makes it tough to nail down.

So you thought metric was just a federal initiative? Not so, Ontario is the leader among the provinces.

Transportation and Communications

New Metric Standards: New metric standards (drawing and specifications) aimed at providing uniform, streamlined construction practices in Ontario will be available for distribution in April, Chairman of the Joint Committee on Provincial Standards and Specifications for Roads and Municipal Services Peter Marko said.

The three-binder standards are the result of several years work by a joint committee consisting of representatives from the Municipal Engineers Association and the Ontario Ministries of the Environment and Transportation and Communications. While the standards were drafted, comments were solicited from the municipalities through a network of associate members -- the Ontario Road Builders Association, Ontario Sewer and Watermain Contractors Association, Consulting Engineers of Ontario, Canadian Portland Cement Association and many others.

"Hopefully, with uniform standards in place, it will limit the unnecessary variety of products and components, reduce duplication, thereby costs, without losing quality", said MTC Deputy Minister Harold Gilbert, a major force in the establishment of the Joint Committee. "Plus", he added, "these uniform standards will prove beneficial to all those who work in the field of highway, road, sewer and watermain construction."

Copies will be available from MTC's Highway

Standards Section, 1201 Wilson Avenue, Downsview.

An All-Farmer Board

Seven Ontario producers have been named to the Farm Tax Rebate Appeal Board to rule on appeals from farmers who may be denied rebates on their farm taxes for 1984 and subsequent years. Farmers in Ontario are eligible for such rebates if they qualify under the Farm Tax Reduction Program, which was improved late last year to rebate 60 percent of a farmer's total farm property tax bill.

The Minister of Agriculture and Food named Lawrence Markusse of Wyoming, Ontario, as board chairman and Ian Balsillie of Picton as vice-chairman, both for two years. Ray Chowen of Thorndale and Walter Hamel of Elmwood were appointed as members for two years, while Wesley Down of Brighton, Charles Warner of Englehart and Murray Strachan of Brechin were made members for one-year terms.

More letters

from page 4

I feel that if a property owner pays his taxes, he owns the property and the trees that are on it; and therefore, should not be dictated to as to what trees he can cut. I am also of the opinion that the municipal government which should be acting for the residents it was elected to represent, would be making a greater contribution to the welfare of the area if it were to call the Ministry of Natural Resources to task for its girdling of healthy trees on Crown land.

I believe that taxpayers should unite to oppose this invasion of citizen rights on private property.

Yours truly,
Allen M. Austen
Minden, Ont.

From the Chamber

"You Can't Take it With You", Highlands Little Theatre's tenth production, will be presented on Thursday, Friday and Saturday, May 10, 11 and 12, 1984 at the Haliburton Highlands Secondary School. Proceeds from the show will be donated to the Hospital for Sick Children.

Don't miss this special production and help "Sick Kids" too. For more information call Caryl Douglas 286-3115.

The Business Information Seminar held by the Chamber of Commerce on Wednesday, May 2 was very successful. Rebecca Parkes, guest speaker, addressed the subject of "Feedback" and the value of communication between the manager and employees.

Haliburton Home Support supplied the space for the seminar. The surroundings were spacious and pleasant and we thank them very much for providing us with the room.

Anna Nichol informs us the drop-in centre at the Home Support office is available to all seniors who wish to drop in to rest and relax with their friends. For more information call Anna at 457-2171.

Darci Andely, the C.K.C.O. representative for Haliburton County, dropped in to see us on Wednesday, May 2. Darci is doing a feature on the Chamber of Commerce which will appear on C.K.C.O. TV in the near future. Look for us on the 6:00 p.m. newscast. If you have a story you would like covered, Darci will be happy to speak with you. Her number is 286-3573.

On Sunday, May 20, 1984, don't miss Dysart's annual "Spring Fling" which includes a Paddle Boat Challenge at 1:30 p.m. and Haliburton Highlands Senior Elementary School band at the bandshell, a tennis tournament, adult shuffleboard tournament and horseshoe tournament. At 2:00 p.m. the snowmobile watercross, novelty races for kids with prizes, at 2:30 p.m. the Haliburton Highlands Secondary School Stage Band and canoe races. At 3:00 p.m. paddle boat races for kids, at 3:30 the Highland Dixie Band at the Bandshell, an adult horseshoe tournament and a children's shuffleboard tournament. At 5:00 p.m. the Legion Pipe Band and the Scottish Dancers will be performing after which families might like to enjoy a picnic they would bring with them. At 7:30 there will be an open air church service and at 9:00 p.m. the 50/50 draw will be held and the evening finished off with a fireworks display. All times are approximate and all activities will be at Head Lake in Haliburton Village. The Canadian Armed Forces will have a fly past during the afternoon and a fishing derby and bake sale will be in progress through the afternoon.

Saturday, May 19 is Kintoria Day in Wilberforce. At 1:00 p.m. an auction sale begins which will feature 1/2 ton loads of wood, with proceeds to the community. A dance Saturday night will have Loreda playing. For further information or if you have anything you would like to donate call 448-2833.

Tickets for a draw to be held September 1, will be available with first prize of a canoe and motor, second prize of a quilt and third prize of a crib quilt.

Naturalists

Spanish River studied by Parks Council

In the past year, the Spanish River has gained notoriety across Ontario as the site of a nasty chemical spill by E.B. Eddy Forest Products at Espanola. But its long history as an important and scenic wilderness highway is not yet over. Far upstream from the spill zone, a 150 kilometre stretch of the river, between Biscotasi Lake and Duke Lake at the north, and Agnew Lake at the south, remains relatively unspoiled by the twentieth century. And if the Ontario government acts quickly and responsibly it should stay that way.

The status of this section of the river has long been a matter of controversy, largely because INCO Limited maintains options to dam it for hydro development to service its giant Sudbury smelter. That would spell disaster for trappers, tourist operators and mushrooming numbers of whitewater canoeists to whom the river is especially attractive. Add to that the imminent prospects of its shores being bridged and logged by E.B. Eddy and the conflict becomes intense.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER PAGE 6

HHSS competitors tune up for Kawartha

A fraction of a second after the crack of the starting gun, these girls leave the starting blocks in a 100 metre sprint event during the Kawartha West track and field meet in Haliburton last Thursday.

Teams from Fenelon Falls and Lindsay were on hand for the event, which determines qualifiers for the Kawartha meet to be held this Thursday at Trent University.

Team amasses most points

More than 80 Haliburton Highlands Secondary School students have qualified to compete at the Kawartha track and field meet this Thursday in Peterborough. The students won the right to advance by finishing in one of the top three spots at the Kawartha West meet held at HHSS last Thursday.

Haliburton was the overall winner of the meet, amassing a total of 1170 points. Fenelon Falls was second with 632 points, I.E. Weldon third with 523 points, and Lindsay Collegiate fourth with 326 points. It was the thirteenth consecutive year that the local team has racked up the highest point total.

Coach Bob Collier noted that Haliburton will be trying to win its sixth Kawartha A title when the team travels to Trent University Thursday for the Kawartha event.

Kawartha qualifiers from HHSS are:

Midget Girls

100 M. - Lori-Anne Duguay (2nd); 200 M. - Lori-Anne Duguay (2nd); 400 M. - Lesley Tashlin (1st), 1:05.1 - Record; 1500 M. - Lindsey Tashlin (3rd); 3000 M. - Lindsey Tashlin (2nd); 800 M. Is Your Car Being Pampered With Too Much Insurance?

In these inflationary times an increased deductible on collision coverage might be easier to bear than the high monthly cost of a low deductible. If your car is older you might be wise to eliminate collision coverage altogether. Then there are often extra savings with multiple car discounts.

To find out where you stand talk to one of the I.B.A.O. insurance brokers listed below.

Is there a difference between an I.B.A.O. broker and an agent?

Yes there is. An agent works directly for one insurance company. An I.B.A.O. broker is independent and unbiased.

Your broker is able to choose a policy that gives you the right coverage at the right price...making sure you're not under-insured or over-insured and that your interests are well represented when you come to making a claim.

So call your broker and ask if he or she is a member of the I.B.A.O.

Leaping high to clear the hurdles, these competitors were in action last Thursday as Haliburton Highlands Secondary School hosted the Kawartha West track

meet. The Kawartha meet will be held this Thursday in Peterborough, with a large local contingent expected to take part.

Stanhope council

from page 2

Minden for a full page ad in their Guide as arranged.

Council acknowledged receipt of the Fire Chief's report dated March 31, 1984 and council authorized Bob Nangel to attend the Fire Chiefs' Convention in Windsor to be held May 7 to May 10, 1984.

Council adjourned to the

committee of the whole at 2:40 p.m., for the purpose of discussion on the Haliburton County Snowmobile Association.

Council adjourned from the committee of the whole at 3 p.m.

Stanhope Airport Committee recommended the approval of Marshall, Macklin, Monaghan Limited's plan for maintenance, improvement and safety of the Stanhope Airport. Stanhope Airport's

Committee recommendations were accepted by council and approval for the plan was granted. An alternative plan involving a road closing was unanimously rejected by both the Committee and Council.

The clerk advised the Maple Beech Lake Property Owners' Association and the Hawk-Halls Property Owners' Association that a copy of the Airport Development Study will be forwarded to

them when the study becomes available to council.

Council approved general accounts totalling \$19,086.92; Road Voucher #3 totalling \$18,746.76 and March, 1984 totalling \$7,952.23.

By-law 84-11 for the purpose of amending By-law 77-15 was passed.

The next regular meeting of council will be held Wednesday, May 9, 1984, at 8:30 a.m.

Soccer team ready

By JIM MILNE

The Dixie Lee soccer team will open their season in the Muskoka District Soccer Association with an away game against Gravenhurst on Sunday, May 13. The local squad met this team in the season opener last year, and in a semi-final match, losing rather handily in these encounters. Gravenhurst were the league champions last year, and are expected to be strong again this year. Next Sunday's game, so early in the season, probably won't

be a reliable indicator of Dixie Lee's improved play, but may set the stage for an interesting rivalry.

Dixie Lee has had three practices to date and about eight new young players have turned out. Some of the best players from last year are just now returning from college so prospects are promising for a good season.

The next practice will be in Minden at 7:00 p.m. on Thursday, May 10

Managing forests

from page 2

can be considered as part of the allowable cut of the entire forest. In other words, if it were feasible to remove this layer of wood each year, without destroying the tree, there would be no depletion of the original "base" resource. Obviously, this option is not practicable. But if you can imagine calculating the volume of all such growth from all potentially merchantable trees in the district -- and recovering the equivalent of this volume by cutting the oldest (and largest) trees in the district -- you will have a reasonably good understanding of "allowable cut". It is not difficult then to imagine the possibilities of increasing allowable cuts, in time, by such measures as establishing new forested areas (e.g. plantations) eliminating competition from unmerchantable trees, providing more growing space for future crop trees (i.e. by thinning) and stimulating the growth of potential crop trees (e.g. fertilization).

Although the task of forest management presents many challenges, it is clearly evident that through the application of sound management practices, the productive forest land base of the Minden District is capable of yielding significant continuous, and "incremental" future benefits to the people of Ontario.

Hospital tour

goes Thursday

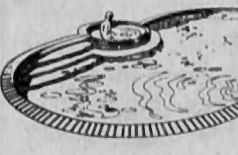

By GLENNA BECKHAM

The Haliburton Hospital will sponsor "Canada Health Day" again this year in commemoration of Florence Nightingale's birthday. Traditionally it is held on her birthday, which is May 12. As it falls on a Saturday this year, it will be commemorated locally on Thursday, May 10.

The 1984 theme is "Behind the Scenes in Health Care". The purpose is to make the community more aware of our health organization in the Haliburton area, its role, and its services.

The grade 2 students have been invited to tour the hospital again this year so they will be aware of what takes place when they are brought to the hospital for X-ray, emergency treatment and/or for admission as a patient. If available, the ambulance will be parked at the hospital for demonstration to the children.

Everyone is invited to come and have a tour of the hospital. Following the tour refreshments will be served in the Board Room by the Haliburton Hospital Auxiliary.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Senior League

By BERT HARRISON
Dear readers, I thought this would be a lonely weekend. I am all alone now you see. Then Sunday, from London Ontario came our son Nelson with his wife Marie. All around the country they took me for a ride, then to a nice dinner at the Fireside. Then after a good night's rest, they came again and had a lunch with me here at Hyland Crest.

Milly Wood was visiting relatives in Lindsay, this Sunday. Things are really

quiet here when Milly is away.

Service was held in the chapel Sunday night, with the Thompsons there. Ruth came to play and lead the singing, Harold to read the lesson and also offer prayer. Rev. Burgess took his text from Revelations first chapter, verses five and six.

Well, we had a real black-out and the wind seemed like a steady roar. They say it had taken down many trees it had never taken down before.

Linda English goes into

hospital for surgery on the sixth day of May and she will be gone for two months, they say. We will all miss you Linda and look forward to when you will return to us feeling much better again. We also just learned that Edith Welch has to have surgery again, I think right away.

Rev. J. Phillips of Haliburton Anglican Church held a service in the chapel this first of May, for Rev. Elliott, who is away. Rev. Phillips not only gave us a really interesting talk, but played and sang too.

Fred Ballard came with music to play. Tuesday night is music night here at Hyland Crest. Daryl Crowe came to play and sing and gave us his best.

The ladies are working in

Guild News

By VIRGINIA MUENZEL
This month, the Rails' End Gallery is catering to the young, as well as the young at heart. The theme is Puppets and Playthings. The four part show includes, in the main gallery, puppets by Noreen Young. Also being shown, are Playthings, by Sennetts Puppets and Dolls, paintings by Canadian children's book illustrators, and paintings and drawings by Haliburton County students.

Noreen Young's work is apt to be quite recognizable, as her puppets are seen on TV Ontario, National Film Board, and television commercials. Among her accomplishments are, "The Binkly and Doinkly Safety Show", "Pencil Box", a Heinz commercial, and puppet caricatures of both show business and political personalities. The puppets themselves are delightfully alive, and realistic. Parents, as well as their children will enjoy this show.

Also the Sennetts' puppets are very hugable. They are on view, and for sale in the Gallery boutique.

The whole show opens May 4, at 7:30 p.m., with popcorn, juice, and entertainment by high school music students. Puppets and Playthings are irresistible, whoever you are. The show runs until May 26. Don't miss it.

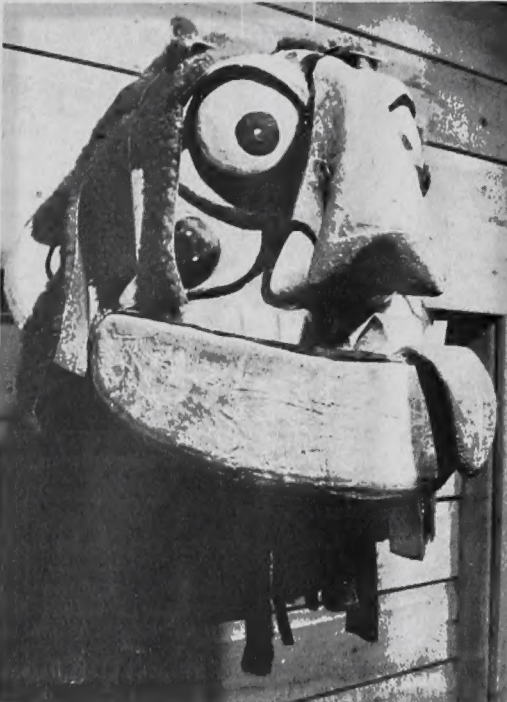

On Friday, May 25 at 8:00 p.m. there will be a Fashion Show at Wig-A-Mog Inn. Fashions are from Patricia Hoy's Gallery and Boutique in Fenelon Falls. There will be door prizes and hors d'oeuvres. Admission is \$6.

On May 10 through the 14th, a special master weaving loom will be displayed and demonstrated at the gallery.

If you are looking for a place to learn a craft or skill that hasn't been offered locally, take your ideas to Sir Sandford Fleming College. They are accepting requests for new classes to hold in the fall.

The gallery is looking for artists who would be interested in showing paintings, sketches, or wallpieces in some of the local public buildings. Call the gallery for further information.

May 1 was a real treat for those who took the opportunity to see the concert by the London Sinfonia. Included in the program were familiar Strauss waltzes, a very moving Adagio for strings, and a toe tapping Pops Hoedown. Marilyn Stouffer and her concert committee have done a commendable job in getting together performances that everyone could enjoy. Watch this space for news of next year's program.

Masks and children's art work are currently on display at the Rails' End Gallery in Haliburton. Shown here are some of the many pieces that delight the eye with their whimsy and bright colours.

Tillie the Toller

I've got a new toy. Well, it's new to me. It's one of those marvellous tillers with the wheels in front. I have a feeling it's also my Mother's Day gift. But it's okay with me. That dandy little machine is going to help me make my peace with quack grass. I'm going to chop it into a million little pieces, until it gives up and goes away from my garden.

I can hear you all chuckling now. Yes, I know I'll never really beat it. But, with Tillie, at least I have half a chance to keep it in its place. Before Tillie, we had a stubborn little tiller who didn't like to tread on quack. It spit and sputtered protestingly every time my husband tried to take her into the garden (which wasn't too often, as things go). It was only with much cajoling, overhauling and kicking that Ed managed to get the garden plot tilled enough to plant. After that I was on my own. On my own meant a hoe. Ho! Ho!

Have you ever tried to keep ahead of the weeds with a hoe? I suppose many of you have. You know what a losing battle that is. Especially in a large garden. My neighbours will tell you, I have a very large garden. You do remember when I ordered the seeds. Now I have to make room to plant them. I have a south garden, a west garden, an east garden and a northeast garden. And in my windows are, (I counted them) one hundred and ninety-eight seedlings in used styrofoam cups. Ed just bought my seed potatoes, and I'm frankly, worried that I'm going to run out of space.

But getting back to Tillie, I used to think my neighbour had some kind of summer affliction, or was just plain nuts about tilling. I hated to admit that I was secretly jealous because my lamb's quarters were better than his potatoes. Now I've caught the bug. Once Ed got the varnish out of the tank, (it had sat for five years), and gave me a few quick lessons on starting, stopping, and where the gas goes, I was off. The minute she leapt into the first plot, the quack quaked in fear, pulled in its roots, and tried to head down. But it was useless. Tillie toiled slowly through each plot. Digging, and pulling and tearing as she went. When she was done, the quack roots lay stunned atop the soil. I knew better than to think our battle was over. Two days later, we attacked them again. The quack roots were snaking their way back into the earth. But Tillie tore them out. Long roots with dozens of shoots twined around her tines, as it to try and strangle her. I cleaned them off and we tilled again.

Within a week, the west plot was clean and ready to plant. By now, most of the rest of the garden has followed suit. I even planted my early peas, and onions and a few radishes. The peas poked their first leaves through the ground, and

A Pinch of Sand

By H. JEAN BROWN

In New Orleans before the turn of the century one of the social pastimes was the Morning Cup. In the French Quarter of the city coffee stands were legion serving cafe noir or blanc or au lait and especially cajun. Along with the cafe one could purchase the hot rice cakes known as Calas Chaud, brioche or beignets, the French hollow doughnut-like day starter, delicious with coffee as the creoles make it.

Calas Chaud

1½ cups hot cooked rice
¼ cup warm water (105-115°)
¼ cup sugar
oil
¼ tsp. salt
¼ pkg. dry yeast
3 eggs

1¼ cups all purpose flour
¼ tsp. ground nutmeg
sifted powdered sugar
Mash rice and cool to warm. Dissolve yeast in warm water and stir into rice. Cover and let rise overnight in a warm place. Add eggs, flour, sugar, salt and nutmeg to rice, beat smooth. Cover, let stand 30 minutes. Heat 3" oil to 360°. Drop in dough by tbsps., cook about 3 minutes until golden. Drain, sprinkle with sugar. Serve immediately. 1½ dozen.

Cafe au Lait

½ cup finely ground coffee (drip)
4 cups whipping cream
4 cups boiling water
sugar (optional)
Place coffee in drip coffee maker, pour boiling water, a few tbsps. at a time, over grounds. Bring cream to boil. To serve pour ½ cup of coffee and ½ cup cream in cup, stir and serve.

Cajun Coffee

3 cups strong black coffee
1 cup heavy cream
6 tbsps. molasses
dark rum
nutmeg
6 cups, 1 tbsps. rum in each. Heat coffee and molasses in pan, stirring. Whip cream. Divide coffee among cups, top with cream. Do not stir. Dust with nutmeg.

In the Atlantic Ocean, some sixty miles east of Miami Florida, lie the Bahamas. Stretching five hundred miles south to the Caribbean these tropical islands cover some 5,000 square miles of ocean. The large islands of Grand Bahama, New Providence and Eleuthera have become the playground of millionaires from the U.S. and can be very very expensive. There are however many smaller islands, known as the Out Islands that provide a less expensive, more secluded unspoiled vacation for the less affluent. Here are two of many popular recipes indigenous to this area.

Out Island Fish Chowder

8 oz. grouper
3 oz. carrot
1 bay leaf
2 oz. salt pork
2 ripe tomatoes
6 oz. potato
3 oz. celery
2 oz. oil
2 oz. tomato paste
1 qt. water
3 oz. onion
3 oz. green pepper
dash thyme
salt, tabasco
Cut the pork, fish and vegetables into ½" dice. Cook pork in oil until light brown, add the vegetables and herbs, continue cooking for 3 minutes. Add tomatoes, paste and water. Simmer 10 minutes. Skim. Add grouper and seasonings.

NEVER AGAIN WILL YOU HAVE TO PAY FOR YOUR INSURANCE WITH SLEEPLESS NIGHTS.

You don't need us to tell you that lump sum insurance payments can keep you awake with worry.

That's why The Dominion lets you pay your premium in twelve monthly instalments.

With our Ideal Monthly Payment Plan, you'll know how much your home or car insurance will cost each month and be able to budget accordingly.

FOR EXAMPLE IF YOUR ANNUAL PREMIUM IS...	YOUR MONTHLY PAYMENT WOULD BE...
\$240.	\$20.
\$480.	\$40.
\$720.	\$60.

We'd like to think that when you buy a policy from The Dominion, you'll never have to count sheep. Just your blessings.

The Dominion of Canada Group

DAWSON INSURANCE BROKERS LTD.

Highland St. Haliburton

"We'll be there when you need us."

Simmer 15 minutes. Note: May use any white fish. Scallops, shrimp, etc. may be added.

Conch Fritters

1 lb. conch
1 egg
12 oz. flour
2 oz. onion
2 oz. green pepper
salt, tabasco
2 oz. celery
¼ oz. baking powder
water

Cut the conch and vegetables into ¼" dice. Mix egg, flour, baking powder and seasonings with sufficient water to form fairly firm batter. Combine all the ingredients and allow to rest for 15 minutes. Deep fry by large spoonfuls. Note: Clams may be used instead.

GOT THAT HELP-LESS FEELING?

Wondering which way to turn.....
Surge Ahead in The Echo

Information Centre News

Final plans for the Ontario Senior Games are being made by devoted volunteers under the direction of Bruce Henry. The dates for the games are June 6, 7 and 8. The opening ceremonies will commence Wednesday, June 6 at 8:30 a.m. with a ceremonial walk from the Municipal Building to Head Lake Park Band Shell and continue with a welcome greeting and a speech from a guest speaker.

Over the three days, participants 55 and over will participate in the following games: golf, carpet bowling, dance (old-time), bowling (5-pin), checkers, cribbage, horseshoes, lawn bowling, shuffleboard, bridge, scrabble, euchre, and crokinole.

The closing ceremonies will commence on Friday, June 8 at 12:00 with a pot-luck luncheon for all organizers and participants at the Dy-sart et al Community Centre.

After the luncheon, entertainment will follow at the Head Lake Park Band Shell. It is still not too late to be involved in the Ontario Senior Games. Please call Bruce Henry at 457-1313 or Anna Nichol at the Drop In Centre, 457-2171.

Just a reminder...of the happenings at the Drop-In Centre for the month of May: Bridge is played on Monday

at 2:00 p.m., euchre is played on Wednesday at 2:00 p.m. A quilting bee continues on Tuesday from 10:00-3:00. Anyone interested in quilting is asked to help. A fitness program will begin Thursday May 10, at 11:00-11:45 and will continue for the next seven Thursdays. Bring a bag lunch and have it with company from the class.

Northern Lights

from page 8

right beside them, there sprang up a leaf of the insidious quack. Out came Tillie. I carefully pulled the quack away from the peas. I knew if it was there, then it was everywhere. Tillie took over. She has even dared to take on new ground.

There's another very interesting phenomenon occurring here. If you've ever read "The Adventures of Tom Sawyer", you may recall how he managed to get all his friends to whitewash a picket fence by raving about how much fun it was. For three years, I begged my boys to do some tilling for me to make the weeding a little easier. Now, since I have praised the ease with which I can operate Tillie all alone, everybody wants to till. Why, I'll bet, if I asked, they'd till the whole five acres.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Kinmount Korner

By MILLIE MOSS

The family of Dave and Irene McNamara of Kinmount cordially invite one and all to help in the celebration of their parents' fifty-eighth wedding anniversary to be held from 2:00 p.m. to 5:00 p.m. at the Community Hall in Kinmount, on Saturday, May 12. It will be open house, and best wishes only please. The anniversary of this bride and groom is actually on May 5 but in order to celebrate Dave's 85th birthday it was decided to hold the party on his day and do it up right, so to speak. Many happy returns Dave on your birthday, and may you spend many more happy years together. It does one's heart good to hear of married couple staying that way.

Results of the Galway Wednesday night euchre party are: ladies' high, Muriel Nightingale; ladies' low, Ida Young; men's high, Peter Franzen; men's low, Bob Allen; most lone hands, Flo Drinkle; men's high over the year went to Doug Drinkle while top lady for the year was Brenda Longhurst.

Welcome home to Marg Int-Veen and her dad.

Jack and Lil Sheddin along with Lorean have returned home from the south but I was sorry to hear that Lil suffered a broken hip.

Some of the "Crazy 8's" are longing for some ballroom dancing and are planning a convoy to the Lindsay Armories' Spring Dance on Friday, May 25 at 8 p.m. Cost will be \$6 each. Anyone interested in further information please call 488-2489. The more the merrier.

Congratulations to Bonnie and Fred Mulock of Woodville who became parents of Alicia Marie, born Wednesday, May 2, weighing in at seven pounds and 10 ounces. Waiting to welcome her home were big sister and brother, Joel and Jennifer. Happy grandparents are Mr. and Mrs. Jim Mulock of Woodville and Joe and Dot Crego of Kinmount.

May 2 at 2:00 p.m. a meeting of the volunteer drivers took place at the home of Ken and Joan Hyams. Delivery of the Meals on Wheels and

Wheels to Meals, keeping track of mileage, etc. was discussed and Bob Hollobon was appointed second in command to assist Ken. The first week of deliveries was a great success with 21 meals being delivered to 15 people. Everyone was happy.

Thursday, May 3, the A.C.W. Deanery meeting was held at St. Peter's Church, Maple Lake. There were 83 ladies in attendance travelling from Lindsay, Dunsford, Haliburton, Minden, Bobcaygeon, Wilberforce, Beaverton, Fenelon Falls, Kinmount and Burnt River. It was a beautiful day weatherwise and meeting so many friends. Rev. George Elliott conducted communion and gave an interesting address with "Keys" as the theme. Mrs. Naomi Hunt, wife of Bishop Hunt, addressed the meeting in the afternoon, using the word "mercy" as her theme and gave each one much to think about. The fall meeting will be held October 4 in Bobcaygeon.

Results of St. James' euchre last week are: ladies' high, Nora Crego; ladies' low, Ruby Schell; men's high, Gladys Anderson; men's low, Joan Hyams; most lone hands, Nora Crego.

Late scores for St. Patrick's C.W.L. card party, April 24, with five tables, are: men's high, Bertha Stata; men's low, Lyle Anderson; ladies' high, Norah Brandon; ladies' low, Clara Watson; lone hands, Flo Schlosser.

Saturday, May 19, 9:00 a.m. is when you can buy your paperback and hardcover books which will go on sale at the parking lot between Dettman's and the 5 to a dollar store in Kinmount. If you have any books you wish to donate to our library it would be appreciated if you could leave them at the book drop. Money realized from the book sale will go towards fixtures needed for our Kinmount Library.

A Bicentennial Celebration is planned for Sunday, July 1, 1984, 2:00 p.m. at the Kinmount Fairgrounds. Events are: 2 p.m. - craft show, hay rides, pony rides; 2:30 p.m. - horseshoe pit-

ching, children's gymnastics; 3 p.m. - races for children and adults, entertainment; 4 p.m. - pioneer open fashion show; 5 p.m. - square dancing; 5:30 p.m. - baking to be auctioned off and all entries for baking and sewing contests must be in from 10 a.m. until 12 noon. At 6:30 p.m. there will be a roast beef dinner with cost of tickets in advance at \$6.50 or \$7.50 at the door. There will be a fireworks display at dusk. Food concession will be open through the day. Antiques and Pioneer Crafts will be on display along with Pioneer living.

The week of May 14 to 20 has been declared Post Office Employees week. The public is invited to participate in activities organized by the employees of the postal establishment. A celebration begins on Friday, May 18 at 1:30 p.m. to commemorate Kinmount Post Office's 125 years of service to the community and Ontario's Bicentennial.

On June 30 (Saturday) there will be open house from 11:00 a.m. on, at the Kinmount Railway Station.

There were 10 members present at the meeting of the Kinmount Civic Action Committee held at the Community Hall last Thursday evening and action is a good word. These folks are sure working for your community.

They are very busy right now preparing for the upcoming ceremonies this summer. There was discussion of a bulletin board being built and installed at a location in town by May 24, a clean up Kinmount day when a Township crew will pick up all junk/garbage and haul it away free of charge and the possibility of washrooms being installed at the north end of the railway station. Also

there may be a TV crew on hand for the first day our Wheels to Meals on May 8. These were some of the subjects discussed at length and as I hear more on these subjects you will hear of it. I understand the Legion will bring in a band of fiddlers and build a horseshoe pit. More on this later, also. The cookbooks are now almost ready and get yours early, as I hear they sure will be a beautiful addition to your bookshelf. The Bicentennial buttons are already on sale at \$1 each and it is hoped everyone will be wearing one on our special big days. Lots of help is still needed so give Ken Hyams a call at 488-2032 or Guy Scott at 488-2211 (not at 488-2226 as quoted here last week).

Following much discussion a winner was declared in the recent logo contest. Congratulations to Al Young of Kinmount. There were a number of very good entries but it was finally decided that Mr. Young's entry most aptly represented Kinmount past and present. Thanks to all who entered their logos. You are all to be commended for your artistic talents. Mrs. Franzen was thanked for her participation in our meals program and the meeting came to a close.

Don't forget, any offers of help to make our Bicentennial celebrations a time to long remember will be greatly appreciated. Bring your arts and crafts along, show them off and maybe even sit awhile, work at them and let others watch and see how talented you are. There's still time, get in touch with Ken Hyams, 488-2032.

Happy birthday Monica Alphonso, on Friday, May 4.

Some 15 or so ladies attended a baby shower in

honour of Shyanne Watson at the home of Betty Stuart on Thursday, May 3. Shyanne is the new little daughter of Rick and Cindy and baby sister to Thomas.

I hope with April being cancer month, our donations will help towards the big cure. In the past week I've been told (and in one case, was present) when four people around this area have received the awful news of a loved one stricken with the dread disease.

Mary Martin and her young son have been suffering bad colds recently.

Happy birthday to Peter Cruikshanks on May 7.

Saturday morning past was a busy time around downtown Kinmount. By 8:00 a.m. the street was already lined with cars, vans, trucks and most with bikes or boats of some sort attached so it looks like the season is opening up once more. I noticed some of our regular summer people at the Legion bingo in town last Friday evening. Welcome back folks.

That storm last week sure played havoc. Trees and wires were down all over the place and hydro was off in many sections. I kind of enjoyed putting a fire in the airtight and cooking supper on top of it in the living room and then eating by lamp-light. Our neighbours went us one better. They had salads that had already been prepared and then because there was no water for tea, etc. they sipped sherry, and by candlelight yet! Oh well, some are more posh than others!

Don't forget folks, there are a lot of things going on these days as come on, get involved. Just a few people even though they try, can't do it all and who know - you may even enjoy yourself.

Give me a call at 488-2353, stay well and happy, read the Echo and remember you'll never lead the band if you're afraid to face the music.

Keep Canada Beautiful... Pitch-In

Gooderham News

By MARY HADLEY

The South Algonquin Kinsmen Club are holding an auction sale in Wilberforce on May 21. This club, which helps in many good causes, merits your support. If you have any articles to donate, you are asked to contact Ron Barr at 447-2039.

Ten students from York University spent last week at Barr's cottages. They are studying geophysics and using the test site near Salmon Lake.

Shirley and Glen Madill with their family, Dianne and Neil, have returned after a short holiday when they motored to Florida.

Beulah and Mossom Robson of Fenelon Falls visited me as well as other friends last Sunday.

Cathy and Don White have sold their home and will be moving to Oshawa in June.

Evelyn and Fred Vanderland motored to Milton last Monday to deliver "The" Bicentennial quilt, just completed, to the Agricultural Museum there where judging will now take place. The awards will be made about the middle of June. I accompanied them and spent two days in Milton, visiting my sisters there. It had been expected that the Queen would visit Milton and officially open the Indian Village just being completed near there. However, her busy schedule will not permit this visit.

Lester Billings has been quite ill in Peterborough Civic Hospital. We trust his condition may soon improve.

Glamorgan Senior Citizens met in the Community Centre last Wednesday evening. This was the first meeting since the time change. At 6

p.m. 24 members sat down to a lunch of sandwiches and cherry cake after Gwen Hughes had asked the blessing. President, Ivan Hunter, welcomed all. Marjorie Madill, lunch convener, thanked her assistants and then as secretary, read the minutes which were approved as read. The monthly financial report was given by the treasurer, Evelyn Vanderland reported on the delivery of the quilt to Milton and Gwen Taylor gave a report from the bridge club. Bridge and euchre games concluded a pleasant evening.

The congregation of the Wilberforce United Church have built a new Christian

Education Centre as an addition to their church. They have worked hard and can be justly proud of their achievement. The dedication services will be held on May 20 at 2 p.m. It is expected that former pastors and couples wed in this church will be present. All are invited for this ceremony.

Becky and Al McGarrity of Port Dover visited Becky's mother, Nora Carey on the weekend.

Don and Doris Orchyk of Winnipeg, accompanied by Doris's mother, Ann Burtiak, of Dauphin, visited Don's aunt, Violet Billings, last week.

West Guilford News

By E. COOPER

Alma Morrison was visiting friends and relatives in Powassan last week.

Alan Cooper is driving to Vancouver with Andrew Blunden to visit George and Shireen Cooper.

Welcome to Terry and Sharon Collins, who have just moved into the community.

Congratulations to Sheryl and Tim Priest, who were married last week.

Many heartfelt thanks to the young people organized under Greg Brown from Camp Medeba who raked and beautified the yards of various senior citizens on May 5.

Services at the Baptist Church here have been changed to 9 a.m. for the summer months.

Rip's Sleepy Hollow on Pine Lake has been sold.

Regular activities at the Recreational Centre continue as follows: Dance every month on third Saturday night; Bingo every Monday night; Playschool every Wednesday morning; Adult A.A. every Wednesday at 8 p.m. with Teenage Alateen in banquet room; and monthly Jamboree in basement on first Saturday evening of every month.

Golden Age group quilting is held every Tuesday at noon. Phone Ev Stata for details.

Norland Natter

By KELLY GRAHAM
I can't believe my eyes. Here it is May first and it's snowing outside. Was it really just one week ago I was lazily sunning myself at the F.F.S.S. track meet?

Here's some news from Norland Public School: May 9 all the pupils in the school participated in pitch-in day. On that day the students made an effort to clean up the whole neighbourhood. I hope everyone will follow their fine example and try and keep the area garbage-free.

The grades five to eight students are presently testing for their Canada Fitness badges.

To celebrate education week the pupils of Norland P.S. put on a show of skits and song at the Norland Community Hall on May 4.

There was a home and school meeting on Wednesday, April 18.

I would like to express sincere congratulations to a dear friend of mine, Rachelle Duffus, a grade ten student at Fenelon Falls Secondary School. Rachelle recently submitted a poster design (chosen by her fellow students and teachers to represent our school) entitled "Our Capital" to a national poster contest in Ottawa. On April 30 Rachelle, of Bobcaygeon, was notified that she was one of a handful of winners across Canada. Rachelle's design will be transferred onto banners to be flown in Ottawa and at all National Parks across the country. She was also invited on an all-expenses paid five-day trip to Ottawa at the end of June to attend the flag-raising ceremony. Congratulations Rack.

The New Kawartha Swim Committee will be holding a

bake sale on Saturday, May 19. It will be in front of Shield's Hardware, in Cobocok, and will start at 9:30 a.m. Proceeds from the sale will go towards this summer's swim program.

Last Wednesday, May 2 I was fortunate enough to view the second annual talent show starring all pupils of Cobocok Public School. Some of the acts included Boy George, the Freaezoids and The Belly Busters, all hosted by a very convincing Johnny Carson and Ed McMahon played by Andy Moffet and Steven Dewell.

Last weekend the Fenelon Falls Boys PeeWee hockey team travelled to Buffalo N.Y. to compete in a very large tournament. I would like to congratulate them on an overall win.

For those interested in playing baseball in the Victoria Road there is a registration taking place on Thursday, May 10 at 6 p.m. The cost is \$5 per person and those registering must be five years of age or older. Teams will be mixed. If you have any questions please phone Louise Teel at 438-3654.

The Cobocok I.G.A. will be closed for one day only on Wednesday, May 16 for the grand opening of the new I.G.A. on the same day at 10 a.m. The new store is located on Highway 35 at Highway 48 West.

Before I sign off this week I would like to remind everyone of the much-celebrated, long-awaited Bicentennial picnic to be held this Saturday, May 12. Many fun events are planned so why not bring out the whole family to celebrate Ontario's Bicentennial.

This painting by Erin Petit of Gooderham received an honourable mention in the art scholarship competition at the Rails' End Gallery in Haliburton recently.

Wilberforce News

By WINNIE SCHOFIELD

Monday, April 30 will long be remembered as the day of the great wind storm when trees thrashed about, broke in half or were uprooted, many of them falling on the hydro wires. We suddenly lost the many hydro services that we take for granted. The house grew cold, no hot meals could be prepared and the supply of water was limited. Our neighbour had just popped a cake into the oven. Residents returning from Haliburton were unnerved by the number of trees falling on the highway. Things were normal again by

Tuesday afternoon. This was just a taste of what people in the Southern States have just experienced, where many homes were demolished and lives lost. Our sympathy for them has grown considerably.

The United Church in South Wilberforce has been greatly improved with a new section added to the building. The church was built over eighty years ago and replaced a log building built in 1885. Over the years it has provided Christian guidance for its members. Changing from Methodist to United Church in the twenties, it has

come through active times and others of scant congregations. Today there is an upsurge in attendance. A fine new section joins the old building, providing space for various activities and a kitchen for food preparation.

A dedication of the new Christian Education addition will take place on May 20 at 2 p.m. You are welcome to attend this event and witness a new chapter in the history

Dorset News

By PHYLLIS BRISCOE
"Gentleness: be gentle and you can be bold. Frugality: be frugal and you can be liberal. Avoid putting yourself before others, and you can become a leader of men. By a Chinese philosopher."

The great Canadian geese are heading in great flocks to the northern areas so surely we won't have any more cold weather and if anyone is going to get in the lake to swim we better have some nice warm temperatures between now and the 24th, which of course is the date all the brave and hearty hit the waters. It is lovely working outside with the nice weather and no black flies. I have it on good authority that those little black monsters don't appear until the leaves start, regardless of weather. However, the warm weather could hasten the coming of the leaves. Oh, well.

A happy birthday is wished Alec Gervais.

Most of our sick folks who were hospitalized are home and happy to be feeling better. Lorraine Weatherell was still in Huntsville hospital the last I heard but may be home by the time this is in print. We send her best wishes for a speedy recovery and hear that she is feeling much better.

Ellen and Stan Booker spent the Easter weekend with their daughter Linda in Cobourg. While there they drove over to see Stan's sister, Bessie Elvin and also Bessie's daughter. It is nice

to hear about earlier residents and that they are doing well.

Visitors at their respective cottages at the head of the bay were Linda and Peter Vidican and Stan and Valerie Roy, spending the Easter weekend here.

Visitors at the home of Jack and Mildred Park on the weekend were Alvina and Gary Carey from Gooderham and their children Shayna and Shayne. Alvina's maiden name was Leeder and she lived in Dorset for a number of years before being married.

We are happy to report that Jack and Irene Clayton's grandson Carlo John Bevilacqua is at home and well after being hospitalized for several weeks with a serious illness. The Bevilacquas live in North Bay.

Marg and Bob Carson spent Easter weekend in Washington, D.C. visiting their daughter Anne. Anne is a professor of the Classics at Princeton University and at present is on a year's sabbatical attending the Institute for Hellenic Studies in Washington. This year's immersion in Greek studies is bestowed by the trustees of Harvard University, who choose eight professors, four from the U.S. and four from other countries, whom they think are deserving of and appropriate for this honour. The Carsons enjoyed Washington, their first visit, seeing all of the historical spots and the beautiful flowers in bloom everywhere, for which the city is noted.

Earl Westoff is very ill in hospital in Detroit. He is one of our summer visitors and we send our best wishes to him and his wife Dorothy.

H.H. If you have a lot of empty jars left over they are dandy for dried foods such as beans, barley, lentils, peas, etc. You can see what you have and they are clean and dry. The jars are also handy in the workshop for different sized nails, screws, washers and so on.

"Cherish your yesterdays, dream your tomorrows but live your today's."

We hope that you didn't lose your roof, or have a tree crash through it, or lose food in your freezer due to the power being off too long. On Monday of last week the winds were so strong that many said they were the worst they had ever seen in this area. Apparently the condition was prevalent throughout all of southern and central Ontario. Visibility on the highways was very limited in a good many sections of the country where sand and dust was blowing across the roads. In the Holland Marsh area a motorist drove through a brown curtain and apparently great quantities of seed that had been planted as well as a great deal of topsoil was blown away, which will be a big financial loss to the vegetable farmers in that area. Higher prices will probably ensue. So it is hard on the consumer as well as the farmer.

FOR THE LOVE OF GOD. GIVE.

The uniform is like a beacon on the street. It signals help. Compassion. Caring.

But not many people know how much it takes to be a soldier in the Salvation Army. The inhuman hours. The incredible patience. The brutal situations.

Taking responsibility for those whom society is unable

to take responsibility for. Providing help, and then hope, for the people who need it most.

But they know. Anyone whose life the Salvation Army has touched knows.

And we ask for them, that you give. As much as you can. For the love of God.

VS
HUDAC NEW HOME WARRANTY PROGRAM

Minden News

By MAIZIE AUSTEN

The children's are exhibit is on display at the Agnes Jamieson Gallery this month so make an effort to get to see it.

We had Dave's brother, John Archer from Kitchener visit with us Wednesday to Saturday last week.

Ontario's annual Pitch-In anti litter event lasts all this week.

Mary-Lou and Jeffier Packard of Haliburton and Charlie Palmer dropped in for a visit with us last Saturday.

The Lions Club had a good turnout for their parade in Haliburton last Saturday and the weather co-operated. They had a very nice parade.

Minden's main street is getting a new face lift. They

are putting new sidewalks in and it is nice to see the big hole that was beside the bank has been filled in.

If you haven't seen the beautiful quilt that is to be raffled off Monday, May 21, it can be seen in the front window of Stedmans in Minden. This is the quilt made by Jean Hewitt that has won several first honours at the local fairs.

The Share and Learn group will meet Wednesday, May 9 at the Cultural Centre at 7:30 p.m. Ladies interested in crafts are invited to attend.

There is roller skating at the Minden Arena every Monday, Wednesday and Friday from 7 p.m. to 10 p.m.

You are either leaving your mark on the world or the world is leaving its mark on you.

Last week's mini card party winners were the following: lone hands, Betty Harper. Others were Diane Warnes, Johanne Beattie and Charles Beaharrell. The next card party will be held Thursday, May 10 at the Parish Hall.

The pot luck supper for the card players will be Tuesday, May 15 at 6:00 p.m.

There will be movies for the children at the Cultural

Centre Friday, May 11 from 7:15 to 8:15 p.m.

If you have any news for me to print please call 286-3607. Thank you.

Mary-Lou and Carl Packard of Haliburton dropped in for a visit last Friday on their way home from Lindsay.

Hint for the week: Candles burn more slowly if you keep them in the refrigerator for a few hours before you use them.

Don't forget if you have any articles which you have no more use for, the Minden Kinsmen could use them for their flea market this month. Call 286-2445 or 286-2632 after 6 p.m. for more information or free pick up.

Chris would like to wish Grandpa Austen a belated happy birthday and also a belated happy birthday to Uncle Nelson.

Mrs. Alice Crawford and Ray had Alice's brother Ralph, sister-in-law Dorothy, Ralph and Dorothy's son Ron and his girl friend of Latchford visit with them last week.

I had a couple of calls this week from people wanting to know what it cost to get something printed in my column. Just give me a call with your news item, it is free.

Wilberforce News

from page 13

of the Wilberforce United Church.

On April 30 at Harcourt Chapel, the piano students of Jean Thomas presented their fifth annual recital. The evening was different from previous recitals due to the power failure, but with the contribution of Coleman lamp, flashlights and head-lights the evening was a success and enjoyed by all. As darkness approached it became difficult for notes to be seen, but all the students did very well. Those participating were: Angela Waugh, Wesley Hughes, Joel Werner, Marilyn Cully and Dorothy Sanderson. These have played at all the recitals. Newest participants were: Teresa Burroughs and Timo-

thy Hughes, both five years old, Renee Casey, David Jordens and Eileen Agnew. Others playing were David Hughes, Alicia Riseley, Tammy Lee, Clare Werner, May Anne Jordens, Jodi Barker, Wynne Agnew, Jon Hughes, Melanie Way. Due to the storm Kelly Strong and Robin Barbour were unable to attend.

Following the musical presentation, refreshments were served and a social time spent. Thanks to Ken Sanderson for his Coleman, even a cup of tea enjoyed. (This item from Jean Thomas.)

Plans are being made to organize a men's baseball league. It is thought that the games will be taking place two nights a week. More about this later.

Dorset News

from page 13

The Dorset Senior Club started the month of May with a pot luck supper on May 2, followed by a business meeting and a social time. From now on until the closing time in June the meetings will be in the evenings with Bingo tonight and a CVR next week. The first Wednesday in June will once again be pot luck supper and for a closing date June 20 will be a dinner at one of the local establishments.

Happy birthday wishes to Greg Kernohan who will be 11 on May 13 and many happy returns to Emma Snyder on the 13th and Frank Largo on the 15th.

It's nice to see Mrs. Ellen Avery back in her own home after spending the winter

with her daughter, Eleanor Burton and her family in Scarborough. We are happy to report that Ellen seems to be feeling fine, enjoying good health.

We are sorry to report the death of Earl Westoff of Redford, Michigan, after a lengthy illness. Our sympathy is extended to his wife and family. The Westoffs for some years have spent their summers here, having purchased the big yellow house that the Lockman family owned and occupied since the early part of the century until it was sold to the Westoffs.

The foot clinic will be held on Wednesday, May 16. Call 766-2237.

We had a sad loss in our family with the death of our

brother-in-law William Hawn of Yearley. Bill was married to our sister Gladys who predeceased him in November, 1982 and was like one of the McKey family. He died suddenly at his home so was spared a painful or lengthy illness. The funeral was on Tuesday, May 1 at St. Thomas' Anglican Church, Bracebridge.

H.H. If you have sewing patterns that are worn from use, lay the pattern flat on the shiny side of freezer paper and press with an iron at cotton setting. Have paper flat on a table over a folded sheet or on the ironing board. Be sure that the shiny side of the paper is up. The pattern will adhere to the paper and can be cut around.

Home Support News

By MARIE WALLACE

If you have ever visited our office you will know that we have a very long hallway and a shorter hallway as well. We have used these walls to display the artistic work of Haliburton County Seniors. When the Senior Drop-In Centre was completed it also was used to feature this artwork.

Our thanks goes to the convener of "Art in the Hall", Stella Stinson, and her husband Tom, assisted by Mary and Lester Walling who secured these pieces of creative artwork, e.g. quilts, rughooking, painting, weaving, etc. and artistically hung them in our hallways and Drop-In Centre. Unfortunately, they are unable to carry on this excellent volunteer work and we are looking for someone to replace them.

I am making an appeal for any creative senior (55 years and over) who would consider displaying their art work

to be in touch with me. We do have insurance coverage. Any of this work may be for sale, and if anyone is interested in the purchase of an item, we will put them in touch with the artist and a sale can be made: no commission is charged. Our display can be changed completely three or four times a year, or changed piece by piece any time during the year.

Because the Haliburton County Senior Drop-In Centre is having its official opening in June, we need someone to convene "Art in the Hall" now to have the hallways and room looking at their best.

If you could help us either by displaying your work or convening the display, would you call me soon and we can discuss it further? I am hoping for some response. Our number at the Home Support Office (located in Haliburton across from Emmerson Lumber) is 457-2941.

Did you know

from page 9

and Trade has prepared a book which outlines how to start your own business properly and what programs are available once you get going. It examines the approach to business, financing, business aids, licences, regulations, registrations, taxation and much more.

We also have a booklet describing how to maintain a small business development corporation which is a guide for businessmen and inves-

tors. To obtain these publications free of charge, drop in to your County Information Centre or give us a call at 457-2733. Our office is located in the Drag River Municipal Building (across from Emmerson Lumber) in Haliburton and we are open Monday through Friday, 10:00 a.m. to 4:00 p.m.

And remember, you will never know the answer until you ask the question.

UCW hold annual rally in Coboconk

By WILMA TAMBLYN
Approximately 50 women representing Baddow, Burnt River, Coboconk, Fenelon Falls, Kilmount, Norland, Powles Corners and Victoria Road met at Coboconk on May 2 for the annual Rally of United Church Women of Region 4.

Olive Wray, chairlady, opened the rally with the call to worship, and read a poem, "In His Own Time". Orlee Wells welcomed the members on behalf of Baddow UCW, the host church, and called on Rev. Jack Morrison, of Coboconk Pastoral Charge, who also added greetings.

Fenelon Falls UCW was in charge of the morning worship service. Noreen Jamieson read a poem. A hymn was sung, followed by prayer. Scripture from Ecclesiastes 3 was read by Alice Watson. Meditation on "Taking Time" was led by Marjorie Morrison.

Roll call answered by each UCW showed all active and busy during the past year. Some of the highlights were strawberry suppers, Christmas dinner for seniors, fashion shows, bake sales, bazaars, and an opportunity shop open during the summer season.

The guest speaker, Kathleen Fierheller, of Cameron Point unit of Fenelon Falls UCW, gave an informative and interesting account of Dr. Robert McClure's message when he was the theme speaker at the Fall Event held at Fenelon Falls. She

related Dr. McClure's experiences as a medical missionary in Asia. Vina Neal of Victoria Road UCW thanked the speaker on behalf of Region 4 and presented her with a token of appreciation.

The offering was received and dedicated by Kilmount UCW. Nora Bagshaw, literature secretary, gave a resume of books available for purchase during the lunch hour.

The "In Memoriam" service was conducted by Vina Neal of Victoria Road UCW. She opened with prayer and a poem. Orlee Wells sang a hymn. Names of 10 recently deceased members were read, and Miss Neal concluded with a poem.

Olive McDonald, president of Lindsay Presbyterian United Church Women, brought greetings. She told members that an open meeting would be held in Coboconk Presbytery in October when the two Asian women would be present. She stated that the weekend event would be at Camp Quin-Mo-Lac on September 7-9 and the mid-week event at Kingston on November 6-7.

Mrs. McDonald introduced other officers present. These each gave a short report. Doreen McAlpine, social issues secretary, was concerned about the pornography issue, and urged writing to Members of Parliament. Thelma Endicott, stewardship secretary, reminded members that they should make a will.

Writers' Corner

Ah, Spring

I awoken to thunder and lightning flash free,
Mother Nature presenting her spring symphony.
Her timing, as usual, is perfect I see.
As I peer at my watch it's a quarter past three.

And now comes the deluge, the torrent of rain,
That drums on the rooftop and beats on my brain,
And sluices the windows, each newly-washed pane.
Oh well, when it's sunny I'll wash them again.

At last with the dawning, I stumble to see
What nature has done in her unrestrained glee.
Disaster has struck in my new rockery
And the blossoms all gone from the crabapple tree.

And oh my poor lilac just starting to flower.
And folks call this down-pour an April shower.
I turn to make coffee, to brighten this hour
And just as suspected I find there's no power.

And then from the basement there comes to my ear
That sound that all home owners soon learn to fear,
The drip and the trickle of water I hear.
The leak that I thought I had conquered last year.

So nature again with your lavish display
You've created havoc and caused much dismay.
Yet you can't get me down with your clouds hanging gray,
I breathe, I'm alive, it's a beautiful day.

H. Jean Brown

Enchanted Woods

There are fairies in the woods
Where our house sits;
There are gnomes in the knolls,
And spirits in the trees.
We hear singing in the streams,
In the pines and in the breeze.
It really is delightful
To be living here, with these.

Jean A. Frazer

NURSES WEEK

Nursing is caring. It may mean calming a frightened child or the courage to meet an emergency, soothing a pain, or counselling a patient's family, celebrating an infant's first hello to the world or easing someone's last goodbye.

With nurses, caring is constant. Support the community's nurses during Nurses Week, May 6-12. Look for the Grade 6 posters on display in local stores. Have your blood pressure checked at the clinics being held from 2 to 4 p.m. Thursday in the IGA and 2 to 4 p.m. Friday in the Red and White.

Senior League

from page 8

the craft room. I went down to see. All are working, making different items, as busy as can be.

Thursday morning the grade 6 students from the Archie Stouffer School put on a very good show, telling how the pioneers came to the Highlands many years ago. It was well acted and we would like to say thank you to for coming this third day of May.

We have a residents' council meeting, which is only fair. If you have any complaints we can discuss them there.

Members of the Kinsmen club, Don Colbidge and Peter Dollo, called the bingo numbers here Thursday night. To thank you for coming only would be right. For you see we don't know how the players made out financially.

The Human Touch

T's the human touch in this world that counts,
The touch of your hand and mine,
which means far more to the fainting heart
Than shelter and bread and wine,
For shelter is gone when the night is over,
And bread lasts only a day,
But the touch of the hand and the sound of the voice
Sing on in the soul always.

Pick Up And Pitch-In

Hospital board holds meeting

from page 3

Frederick S. Beckley of Bancroft; William L. Clark, and Claude Elliott of St. Joseph Island; Meredith Fleming, Q.C. of Fleming, Smoke and Burgess; James A. McNab, president of North York General Hospital; Ronald McQueen of Agnew, Peckham and Associates Ltd.; Donald Robertson, of Cambridge

Memorial Hospital; Maitland Warden of Lion's Head; Dr. G. Leslie Watt, Carl Weber and Irene Wittstock of Burk's Falls; and past chairman Isobel Irwin of Collingwood. Dr. Galloway was also presented with a citation.

Red Cross set up its first Ontario hospital in Wilberforce in 1922, and has operated 38 hospitals in the

province over the past 62 years. During that time, hospitals were opened and closed according to community needs. A study in 1978 examined the role of the last ten hospitals in the province, and in subsequent years all have been turned back to the community to satisfy health needs as determined by Ontario Regional Health Councils.
